

# EUROPEAN BIOSOLIDS & ORGANIC RESOURCES CONFERENCE & EXHIBITION

13-14<sup>TH</sup> NOV. 2018, THE ROYAL ARMOURIES, LEEDS, UK

## WORKSHOP: Making the Bioeconomy Work

Wednesday 14<sup>th</sup> November, The Royal Armouries, Leeds

In association with

This one-day workshop will delve into some of the challenges and successes in the Bioeconomy. Presentations will showcase how these are being addressed and encouraged through collaborative EU-funded projects: BioBase4SME offers support to businesses with innovative ideas, helping to move them from concept to commercial reality; and, *AgroCycle* is exploring novel techniques and business models to valorise agricultural wastes, co-products and by-products. Real businesses will be presenting, to show how they have benefitted from support or developed a unique concept, value chain or business model to **Make the Bioeconomy Work** for them.
